In their Report for 1916 the Board outlined the steps which, in their opinion, ought to be taken in order to remodel the system administered by them. At the same time, they drew attention to the inadequacy of the funds placed at their disposal, and emphasised the claim of Ireland to a large increase in the sums devoted to Secondary Education.

To carry out the scheme outlined by the Board would involve legislation. They wish again to call attention to their Report for 1916; and to urge that the powers necessary to carry out a really efficient system of secondary education should be given to the responsible educational authority.

With reference to the question of funds the Board urged the necessity of granting Ireland's proportionate share of the new grants which were then about to be made for Secondary Education in England. This demand has been met so far by a grant of £50,000 which is to be distributed in accordance with rules made by Your Excellency. The Board understand that these rules will secure the distribution of the grant as a capitation grant based upon inspection rather than upon the results of examination. Such rules, together with the Intermediate Education (Ireland) Act, 1913, which gave power to use inspection as the basis for paying grants within a limited amount in respect of children between the ages of 12 and 14, are undoubtedly a considerable step in the right direction; but they do not fully meet the desire of the Board for a complete recasting of the whole system administered by them.

TABLE I.—Showing for each subject (1) the number of students examined, (2) the total percentage passed, (3) the total number examined in honours, (4) the number who passed with honours, (5) the percentage who passed with honours, (6) the percentage who failed on honour paper, (7) the number who passed on pass paper, and (8) the percentage who passed on pass paper.

## APPENDIX II.

## THE BURKE MEMORIAL PRIZES.

A sum of money, subscribed in memory of the late THOMAS HENRY BURKE, Esq., Under Secretary to the Lord Lieutenant, was transferred by the Burke Memorial Committee, on 18th March, 1884, to the Intermediate Education Board for Ireland, who undertook to administer in accordance with the following Rules (the sum funded is £1,222 18s. 11d. Consols) :—

I. The annual income from the fund shall be applied in paying three Prizes, one of £16, one of £10, and a second of £10; any surplus or deficiency to be apportioned in the same ratio. If, in the opinion of the Commissioners, sufficient merit be not shown by the Candidates competing to justify the award of any or either of the Prizes, the amount of such Prize may be, at the discretion of the Board, withheld and added to the principal.

II. No student shall be qualified to receive these Prizes except the children of persons who are, or have been, in receipt of salary or pension in Ireland, paid out of money derived from Parliamentary Grants, Rates or Taxes, other than members of the Naval or Military Services not being also in Civil employment.

III. The Prizes shall be awarded as follows :—that of £16 to the Boy whom, at the annual Examination in the Junior Grade among Male Candidates qualified in the manner expressed in the next preceding Rule, the Board shall adjudge to be the best answerer; One Prize of £10 to the Boy whom, in the same Grade at such Examination, the Board shall adjudge to be the next best answerer; and the other of £10 to the Girl whom, at such Examination in the same Grade, among Female Candidates qualified in the manner aforesaid, the Board shall adjudge to be the best answerer.

IV. The decision of the Board shall be final and decisive in determining whether the Candidates fulfil the conditions of the third Rule.

V. The Board may deduct all expenses connected with the trust from the yearly income.
